Skin type/condition	Preparation	Application method
1. MAKEUP REMOVAL		
For all skin types, including sensitive	FC-027 EXTRA GENTLE EYE MAKE-UP REMOVER	Shake the vial before use. Moisten a cotton pad with the cleaner and apply it to eyelid and lip areas that need cleaning. Hold the pad in place for 10-15 seconds. Take the pad off and remove the remaining makeup with light motions.
2. CLEANSING		
For all skin types, including sensitive	FC-039 ULTRA FUNCTIONAL CLEANCER WITH GWO	Shake the vial before use. Apply the cleanser to your moistened face skin in circular motions following your face massage lines; massage lightly. Rinse with warm water, then wipe your face with a tonic gently.
3. TONIZATION		
For all skin types, including sensitive	FL-038 MOISTURIZING & PROTECTING SPRAY WITH GWO	Shake the vial before use. Apply to your pre-cleansed skin with a cotton pad. Can be applied to the area round your eyes.
4. MASK		
For all skin types, including sensitive	FMG-021 LIFTING EYE MASK & FL-019 REFRESHING ACTIVE WATER +ROSE OIL	Apply the mask evenly to previously cleansed skin around the eyes, avoiding contact with the eyes. During the entire procedure, it is recommended to moisten cotton pads with REFRESHING ACTIVE WATER +ROSE OIL (FL-019) and place them on the eyes. After 20-25 minutes, remove the discs and rinse the mask thoroughly with warm water.

5. TREATMENT COMPLETION		
For all skin types, including sensitive	FCR-048 REPAIRING EYE CREAM WITH GWO & FS-037 EYE REVIVE SERUM	Apply a small amount in an even, thin layer to cleansed skin around the eyes and spread with gentle patting movements. It is possible to apply the products either sequentially or as a mixture.
6. UV PROTECTION (as applicable)	FCR-042 PROTECT FACE CREAM SPF50	Gently apply on top of the cream to the skin of the eyes using massaging motions.
